

'Extreme' Fun

10th June 2010

Gifted and Talented students at UCEA were given the opportunity to take part in an 'Adventure Extreme' residential at The Kingswood Centre, Colomendy. 42 students spent May half term strapped into harnesses and hard hats climbing and jumping off posts, walls and rafts.

The students had a fantastic week and enjoyed the opportunity to spend time with people from both campuses.

Many students conquered their fears and threw themselves into the activities with screams at the start but massive smiles at the end when they realised what they had just achieved. Great fun, and a brilliant success with a group of fantastic students.
